Who are we?

BienManger.com is a team of 40 people who are passionate about gastronomy and local products. Laurent and Julien, of course, the founding brothers, who over the years have gathered around them a fine team of gourmets! Vincent and Emeline, always on the lookout for new flavours; Romain, Mathilde, Virginie and Maïté who, every day, advise and promote the selected products... But also, Aurélie in charge of the logistics and all the others... who work, each in their own way, to the daily satisfaction of our customers.

BienManger.com is also nearly 1600 partner producers, from all over the world, who have recipes, know-how and secrets that are sometimes centuries old. For more than 20 years, we have been searching for authentic flavours in every region and country and selecting the best. All products are tested and approved by our tasting committee before being offered to our customers.

In total, more than 12,000 products are selected! These are the best ones that we have chosen to make up this assortment of gourmet baskets that will satisfy the most demanding palates and suit all tastes and budgets!

And to enable our customers to enjoy them to the full, we pay particular attention to the quality of the service we provide: quality of packaging, stock management and respect for delivery times are at the heart of our concerns. Every day, hundreds of parcels leave our small village in Lozère to treat customers and employees of companies that trust us in France and all over the world.

Together, let's prepare, share, taste... in short, let's be happy!

SPONSOR A BEEHIVE

Would you like to involve your company in the preservation of biodiversity and offer an original and ethical gift to your employees or customers? Become a sponsor of one or more beehives!

The beekeeping world is in more trouble than ever. There are many reasons for the decline in bee populations: diseases, predators, pollution, environmental disturbances, bad weather conditions, etc. **At your level, you can support our beekeepers humanely and financially!**

Each honey offered for sponsorship by BienManger.com reflects the flora of the area from which it comes, its traditions and know-how (such as transhumance). **We therefore make a point of selecting honeys with very different origins and flavours.**

As soon as you sign up for sponsorship, you will receive a welcome box for each sponsored hive, containing a **sponsorship certificate, 3 jars of 40g honey (garrigue, forest, maple) and 1 special honey spoon for the small jars.**

The honey will be harvested after flowering and sent to you at the end of the season, with a personalised label. In the autumn, you will receive **8kg of honey in 500g jars for each hive, i.e. 16 jars** that you can then offer to your colleagues or clients.
